

# FOREWORD

Queenslanders have a right to expect a bright future. That is why One Nation is committed to putting people before politics.

As the Queensland Leader of One Nation, I have listened to the views of many Queenslanders and the recurring message is that people feel let down by the major political parties—and rightly so.

Together, One Nation candidates throughout Queensland vow to make this the greatest state in Australia—an economic powerhouse with strong law and order, health, transport and water security policies that will ensure the future of Queensland for generations to come.

One Nation is here to listen and welcomes grassroots ideas on matters that are important to you. I offer my assurance that One Nation will not sell any revenue-generating assets.

I ask you to take the time to read through our first policy booklet. Additional policies will be forthcoming and displayed on the One Nation website: [www.onenation.com.au](http://www.onenation.com.au)

Queensland—it's in your hands.
